  - Give-back frequencies from Phoenix
  - Revision of Arizona Regional Plan for frequency allocation changes and renaming of interoperability and tactical channels
- New Business
  - Request from CAP for STA
- Agenda items for next meeting
- Next meeting (Phoenix - to be determined)

Adjournment

The Region 3 800 MHz NPSPAC MHz Public Safety Regional Planning Committee meeting is open to the public. All eligible public safety providers whose sole or principal

purpose is to protect the safety of life, health, or property in Region 3 may utilize these frequencies. It is essential that public safety agencies in all areas of government, including state, municipality, county, and Native American Tribal organizations be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate, and represent their agency's needs.

All interested parties wishing to participate in planning for the use of public safety spectrum in the 800 MHz band within Region 3 should plan to attend. For further information, please contact:

Larry Sayers, Chairman  
Region 3 800 MHz Public Safety Regional Planning Committee  
Pima County Information Technology Division
